

Your score on all tests is 18/60 — you are failing tests for `getNumSigDigits()`, `toString()`, `compareTo()`, `add()`, `mul()`

pr6 task 0: test 0 (0/0)

Checking BigInt.java for compile

pr6: Constructor BigInt(arr) for arr = {5, 7, 4, 3, 1} (2/2)

Test passed.

pr6: BigInt(arr) for arr = {0, 0, 0, 1, 0, 2, 0, 3, 0, 0} (2/2)

Test passed.

pr6: getNumSigDigits() (0/4)

Test(s) could not be run.

```
/autograder/source/tests/TestBIgetNSD.java:31: error: cannot assign <
        b.digits = digits;
        ^
```

pr6: toString() (0/4)

Test(s) could not be run.

```
/autograder/source/tests/TestBItoString.java:31: error: cannot assign
        b.digits = digits;
        ^
```

pr6:Constructor BigInt(57431) (3/3)

Test passed.

pr6: BigInt(2000001) (3/3)

Test passed.

pr6: compareTo() (0/10)

Test(s) could not be run.

```
/autograder/source/tests/TestBIcompareTo.java:29: error: cannot assign  
    b.digits = digits;  
      ^
```

pr6: add() (0/12)

Test(s) could not be run.

```
/autograder/source/tests/TestBIadd.java:29: error: cannot assign a value  
    b.digits = digits;  
      ^
```

pr6: mul() (0/12)

Test(s) could not be run.

```
/autograder/source/tests/TestBImul.java:29: error: cannot assign a value  
    b.digits = digits;  
      ^
```
