

Learning Outcomes

Upon completing this module, students will be able to do the following:

1. Identify characteristics of plants and animals that make them more likely to be adopted into regional cuisines
2. Describe how and why people have spread specific plants and animals
3. Appreciate the complex hybrid development of regional cuisines
4. Understand how and why people incorporate new foods into their diets and cuisines

Learning Materials

The learning materials that are hosted from the BU Libraries can be found by clicking the [BU Libraries Course Materials](#)

(https://bu.leganto.exlibrisgroup.com/leganto/public/01BOSU_INST/lists/42500910150001161?auth=SAML) link on the course homepage. There may be additional materials listed in your Syllabus that are not from the BU Libraries system. **Check your Syllabus.**

Module Tasks

Review due dates in this module's Content, the course Syllabus, Calendar or Gradebook.
